Highlights

Sewer line

Three parties have called for an Individual Environmental Assessment for the proposed sewer line extension to resorts on Kashagawigamog Lake. Please see page 6.

Redmen soccer

The HHSS Redmen Senior soccer team boast the best record in Kawarth West after their impressive win last week over LCVI. Please see page 8.

Enrolment costs

The unexpected rise in enrolment at elementary schools in the county could create a deficit budget for the school board. Please see page 18

100th birthday

Mary Oliver, who celebrated her 100th birthday last week, reveals her secret to longevity. Please see page 20.

Cross country

Archie Stouffer Elementary School held its cross country meet on Friday afternoon, with hundreds of kids taking part. For photos of this event, please see page 13.

Ron Gamble isn't taking any chances about getting across his message that he want the Ride For Sight to return to Minden again this summer. He spelled the message for everyone to see on the sign in front of his business at the corner of Main and North Water Streets. Minden Council will be deciding whether or not it should invite the Ride back to town at its next meeting on Oct. 11.

Strong readers' response to poll

The environment and waste management is the number one issue facing Haliburton County, according to responses to a public opinion poll published in *The Times*.

Health services followed closely as the second most important issue, with water levels being third and county restructuring being fourth.

The poll was published in the September 5 edition of the paper and covered topics such as development, the performance of local politicians, health care and recycling.

YOUR VIEWS

Although attitudes towards the environment and local health care facilities were expected, the survey did produce some surprises.

When asked to divide certain responsibilities, like fire protection, waste management and land use planning into either municipal or county jurisdiction, respondents indicated they would like to see the county given more power in local affairs.

Almost half of those polled said they would like to see the county take control of local fire protection services compared to 56.6

(more on page 2)

Condo project is put on hold again

BY Jay Kerr-Wilson

A condominium project being planned for downtown Minden has been put on hold while council consults with its planner.

Council was scheduled to vote last Thursday on a rezoning and Official Plan amendment required for Ray Moore's 56 unit condominium complex on property fronting on Newcastle Street and St. Germaine Street.

However, after hearing presentations from Moore's consultant Barclay Taylor and from a group of neighbouring property owners who oppose the development, council deferred its decision until October 26.

Reeve Moore left the council chambers before discussion of the project began in order

to avoid a conflict of interest and Taylor spoke on his behalf, requesting that council pass the necessary amendment and rezoning.

Taylor pointed out that the project had been approved in principle by the former and current councils and by the Planning Advisory Committee and that a public meeting had been held in order to allow public input.

Moore's development is ideal for the site, said Taylor, and the location is appropriate for a medium-density residential development with commercial uses.

As well as the condominium units, the development will include street-level commercial units fronting on Newcastle Street.

Taylor quoted from the planning report drafted by Minden's planner Bob Lehman in

which he said, "the property in question is an ideal location for the proposed use as it is near the commercial facilities of the downtown core and within walking distance of the local school, parks and medical facilities.

"It also provides an appropriate use of otherwise unavailable lands and provides a much needed variety to the current housing types in Minden," said Lehman's report.

Council and local residents have expressed concerns regarding the provision of services to the development and how the project will affect traffic and parking in the area.

In addressing some of these concerns, Taylor said Minden's Public Utility Committee had

(More on page 10)

County should wield more clout

(from page 1)

per cent who want to see it remain under the domain of local municipalities.

Waste management should be turned over to the county according to three-quarters of the respondents, and 70 per cent would like to see economic development handled by the county as well.

Forty one per cent feel the county should be responsible for land use planning compared to 48 per cent who think it should remain a municipal responsibility. Ten per cent feel the county and local municipalities should share the planning task.

Recreation was the only area that a large majority of people feel should be solely the responsibility of the individual townships, with 74 per cent support.

Despite this indication to see a strong and active county government, the results show that most people favour only limited amalgamation of townships or no amalgamation at all. Only seven per cent expressed a desire to see regional government in Haliburton and only 16 per cent would favour redrawing the boundaries to create four or five large townships.

The largest single age group who answered the survey were those aged 60 years or older. Almost three quarters of all surveys were turned in by people over the age of 50.

Permanent residents accounted for 63 per cent of the returns and 36 per cent were from seasonal residents. Seventy eight per cent have owned land in the county for more than six years and 60 per cent have lived here more than 10 years.

The greatest number of responses, 45 per cent, came from residents of Anson, Hindon and Minden, with Snowdon, Lutterworth and Stanhope being well represented. The Times received responses from residents of seven of Haliburton's 10 municipalities.

Opinion is split on the performance of Victoria-Haliburton's federal representative Bill Scott. Twenty five per cent feel Scott's performance is good or very good while 27 per cent feel it's been poor or very poor.

Our provincial member

John Eakins received a better review with 37 per cent describing his performance as good or very good and only 14 per cent calling it poor or very poor.

Despite the indication to see a strengthened county government, county council's performance was rated as good or very good by only 16 per cent. Most people said council's performance has been average, while 25 per cent said they didn't know how well county performs. Fourteen per cent described their performance as poor or very poor.

The same attitudes were expressed when asked if development should take precedence over environmental concerns. The majority, 58 per cent, said they would like local councils to strictly regulate development in favour of environmental concerns and another 29 per cent said they would like to see environmental restrictions placed on most development. Only 13 per cent would like to allow most development with some consideration for the environment.

dered the most critical issue by 20 per cent of respondents and air ambulance service was rated the most important by 19 per cent.

A number of people expressed a desire to see one central county hospital established to replace the two hospitals in Minden and Haliburton. Other concerns mentioned included paramedic training for ambulance attendants and an improved home care program.

And when it comes to health care, local residents are willing to back-up their concerns with their wallets. Two-thirds say they would be willing to see an increase in their property taxes, and a local debt load, in order to improve and expand the two local hospitals.

Only about a quarter of the people are willing to bear the same financial burden in order to improve local fire protection services, and 20 per cent would accept a tax hike to increase the amount of classroom space in the county.

Some people said they would not like to see a tax increase or local debt to finance any of the above services and said they should be paid for with provincial funding.

Fifteen per cent said they would be willing to help bear the cost of increasing the number of reservoir lakes in the county and the same amount of people would pay to see improvements made to local sewer and water services.

The survey also gave people the opportunity to come up with some of their own issues which might not have been specifically mentioned elsewhere. Many people took advantage of the chance and the most commonly-mentioned areas were local roads, property taxes, planned development, economic development, and employment opportunities.

Stanhope and Lutterworth councils fare well in this survey, while Minden and Snowdon residents aren't as positive with their comments about their councils.

Minden residents indicated a strong dissatisfaction with the job being done by their local council. Fifty two per cent rated Minden's performance as poor or very poor while only seven per cent rated it as good or very good. Council performance was average according to 37 per cent.

Stanhope council was given a strong vote of confidence by their constituents with 77 per cent rating them as good or very good and no one calling their performance poor.

Lutterworth council also did well with 63 per cent calling their performance good and only 10 per cent giving them a poor rating.

Dysart council was rated as good or very good by 71 per cent of the people who responded from that township and rated as poor by only 14 per cent.

Snowdon council didn't fare quite so well. Their performance was rated as poor by 41 per cent of the respondents and was rated good by 17 per cent.

Local concern for the environment was clearly evident in the questions dealing with recycling. Sixty per cent say they recycle always or frequently and 96 per cent favour a county-wide recycling program of some sort.

People feel just as strongly about members of municipal government being involved in private development projects. Almost 60 per cent are opposed to councillors being involved in development while 40 per cent see no problem with it.

A large majority of those who responded would like to see light, clean industry developed in the area. Ninety per cent support such development and feel Haliburton County should actively encourage it.

Health care closely followed the environment in terms of importance to local residents and 55 per cent feel the continued viability of the Minden Hospital is the number one health-related issue in the county. Expansion of the chronic care facilities at the Haliburton Hospital is con-

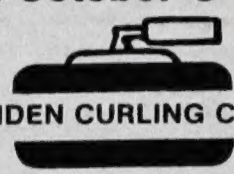

This is the first in a series of articles resulting from the readers' survey published in The Times last month. This week we take a look at the overall results and focus on some of the major issues like the environment and health care. In the weeks to follow we will examine many of the opinions expressed in the poll and give some of the respondents a chance to expand on their answers. The Times would like to thank all those people who took the time to participate in the survey making it a success.

As promised The Times selected four surveys at random and will make donations to the selected charities. As a result the paper will be making three \$25 donations to the Minden Rotary Hospital Fund and one \$25 donation to the Haliburton and District Association for the Mentally Retarded.

editorial

When 15-year-old Joey Phillion re-entered his burning home in Cuberland Beach to rescue his family, he displayed superior courage: the sort of courage that merits recognition and praise.

Because of his outstanding strength in facing the daily treatments for third-degree burns to most of his body, Phillion was selected as one of the Ontario Junior Citizens for 1988. He was one of 12 'good kids' to be honoured last year through this program, which is put on jointly by Canadian Airlines International and the Ontario Community Newspapers Association.

Few people can live up to the high standard of courage and selflessness set by Phillion, but that doesn't mean they mean they haven't made contributions that are worthy of recognition through the Junior Citizen program.

While presenting the awards at last year's ceremony in Toronto, Lieutenant Governor Lincoln Alexander made the following remarks: "The actions of these outstanding individuals and the many others who were nominated and the countless more who were overlooked but are there displaying the same wonderful spunk, tell us that youth today have the spirit and the strength to make the world a better place."

There were no nominations from this area last year. Those kids who deserve the recognition that this program provides were among "the countless more who were overlooked." Although we know there are kids out there who are contributing in their own special way to this community, to date none have been nominated.

The Times needs your help. It is seeking out young people from the community who find ways to use their talents to help others. They may help at a day care centre as a volunteer or slip next door on a regular basis to help an elderly friend. These are the kids who reach out a hand to help in any way they can without thought of reward.

For details about this program and nomination forms, contact Russ Duhaime at *The Times*.

"DON'T YOU JUST LOVE THE AUTUMN?"

All our eggs in one electrical basket

I was sitting in my office last Wednesday, talking on the phone when the lights went out.

It was a tad bland, as office thrills go -- sort of like an indoor eclipse. The room was washed with gray, outlines of my desk and bookshelves became softened and indistinct. I couldn't make out the calendar on the wall or the papers on my desk.

It was no big thing, really. Just a typical power "outage" as they say. Happening more and more these days, some kind of ionic surge in the electric system, I suppose, like a rouge wave on the ocean or an unexplained tic in the cosmic eyelid. Besides, these brownouts only last a few moments, and then everything returns to normal.

At least, that's the way it's worked out so far.

But it got me to thinking: what happens when we get a brownout that doesn't disappear in a few

black 'n white

by Arthur Black

moments? Oh, I know ... much of North America experienced "The Great blackout" back in 1965, but things were more primitive then. Our lives are much more electrified than they were even ten years ago. Have you tried recently to get money from your bank account when "the computer is down"? Or attempted to book an airline ticket? Get a phone number from Information? There was a time not so long ago when all of those transactions were performed by a harried young woman with a pencil stuck in her hair bun, but no more. Those are all

computerized operations now.

Do you think if we had a power brownout that went on for some time, folks would cheerfully revert to doing the operations by hand?

Nah. Going from computer to manual operation is like going from a hydrofoil to a dugout canoe.

Besides, who would even remember how?

Which is kind of scary, because it seems to me we've put all our eggs in one electronic basket and if somebody -- or something -- pulls the plug, we're going to have big problems.

Which is why I'm worried about the news reports emanating from Contra Costa.

Contra Costa is an affluent residential county

(more on page 5)

opinion

The Times welcomes signed letters to the editor on subjects of interest to our readers. Women must have right to make decisions

Editor:

The federal government has recently stated its intention to introduce abortion legislation this fall. Why is there an assumption that legislation on abortion is necessary and inevitable? Canadians should realize that this "urgent call" for

a law was brought about by a few coincidental and unfortunate circumstances; an aberrant United States Supreme Court decision, and a rash of injunction seeking ex-boyfriends.

We are confident that the Supreme Court of Canada, when it delivers its reasons in the Daigle case, will send the

clear message to Canadians that they cannot stop women from making their own abortion decisions by hauling them through the courts.

Modern thinking on abortion, the world over, is moving away from focussing on criminality toward focuss-

(more on page 15)

Ride should be welcomed

Editor:

Re: Ride for Sight.

We would like to take this opportunity to ask the Anson, Hindon and Minden Council to support the Ride for Sight again this year. It was brought to the County five years ago by the Chamber of Commerce to help the economy of this area during a very slow time of the year. It has proved to be very positive for many of the businesses in this area and we would all suffer with its loss.

Yes, there are problems, but they are very minor and can be built into our costs. We always lose some towels which are used to wipe down the bikes

in the morning, there is always a little more cleanup in the 'party room', and there are some we will not take back the next year. This is all part of tourism and we must learn to accept it. Our area depends on tourism in tax dollars as well as the money which is spent in this area on that weekend. Our local cottagers and residents cannot support the County alone. We need tourism. We need the Ride for Sight. We lost the Highland Games.

Lyn & Bob Stevens,
Red Umbrella Inn,
R.R. 2, Minden, Ont.

Cottagers deserve respect

Editor:

I am writing this letter because I am incensed at the audacity of the cartoonist and the implication made in the sarcastic cartoon published in *The Times* on Monday, September 18.

We are not, and have never claimed to be, "Super-cottagers"! Cottagers pay the same taxes as the "local" people do, if not more. Our taxes go toward the growth and up keep of local schools, roads, land-fill sites, etc. Theoretically, we receive very little in return for our contribution to the local economy. We are not allowed to use your schools, we get our road graded once per season and unfortunately we receive nothing but

aggravation from a great deal of "local" people - particularly your so-called politicians.

Very little thought is in the minds of the "local" people when they persist in blowing things out of proportion such as this cartoon has done. The Cottagers are the people who have contributed more than enough to help this community grow and develop. We spend a good deal of money in local stores, support the Craft Guild at their annual show, local fairs and sales, etc.

We are here in Haliburton because we love the community as much as you do, and we would like to see the area

(more on page 14)

Finch 'n thistles.

Russ Duhaime photo.

Garage doors are just the first to rebel

(from page 4)

on the outskirts of Los Angeles. Last month, many of its well-to-do denizens noticed a strange and frightening thing.

Their garage doors wouldn't open.

The electric ones -- you know? Where you drive up to your closed garage door, point what looks like a TV channel zapper at it and -- hey sesame -- the whole garage door slides up.

Except not in Contra Costa county it doesn't.

Suburbanites there have wheeled up to their garage doors, palmed their electronic openers out of their sun visors, pointed them at their garage doors and presses 'til their thumbs turned white --

nothing.

The garage doors of Contra Costa County are revolting en masse. They are refusing to obey the electronic commands they're supposed to obey -- and no one is exactly sure why. The plague of insubordinate garage doors, though so far fairly localized, appears to be spreading. Outbreaks have been reported in the suburban enclaves of Concord, Clayton, Orinda, Walnut Creek, Lafayette, Moraga, Danville, San Ramon and Livermore.

Can Los Angeles be far behind? I fear not. And if the insurrectionist garage doors take Los Angeles -- well! You think anything as radical as a garage door throwing off its electronic shackles is going to show any respect for a crummy undefended international border?

How long before the disease shows up in your town and mine?

I hear ya, I hear ya. "Who cares?" you're saying. "I've got a mortgage, an overdraft at the bank, a kid that needs dental work and I don't even have a garage, never mind an electric garage door. Why should I care if a bunch of California burghers have to get out of their BMWs and open their garage doors by hand?"

Don't you see? The garage doors are just the opening salvo -- like Hitler invading Poland. If the California garage doors emerge triumphant, who knows what's next? Green Machines, maybe. Or cellular phones. Or even your Remington razor.

Personally, I blame the Bolsheviks.

Three parties call for sewer line assessment

by Jay Kerr Wilson

The Ministry of the Environment has received three requests to have an Individual Environmental Assessment carried out on the proposed expansion of the Dysart sewage treatment plant.

Robert Winston, the Ministry staff member who has been assigned to Dysart's proposal, says requests have been received by the Lake Kashagawigamog Association, and Rhodes Arnold, a cottager on Grass Lake. Arnold a cottager on Grass Lake.

However Winston says the requests are premature because the final copy of the environmental study has not yet been made public. The final report should be available at the Dysart municipal office by mid-October, says Winston, and the deadline for submissions will come 30 days later in mid-November.

The Kashagawigamog and Canning Lake associations submitted their requests to have the sewage expansion "bumped-up" to an Individual Environmental Assessment after studying the draft report.

The letter from the Canning Lake association, signed by president Gary Kapac says "having reviewed the sewage treatment expansion plans proposed for the Town of Haliburton, we believe there will be a net increase in effluent loading to the lake system."

At their annual meeting held in July, the association passed a motion that they would work towards ensuring

there is a net reduction in the effluent loading of the lake system.

Once the mid-November deadline has passed, Winston says the Minister James Bradley, will consider all requests to have the project bumped-up and will have several options when making a decision.

Environment Minister James Bradley still has several options open to him for dealing with the Dysart sewer line expansion issue.

Bradley could deal with the matter himself by either allowing or denying the requests for an Individual Environmental Assessment. If the requests are denied, the project will be allowed to enter the next phase and put the project to tender. In this case work on the expansion, and construction of the resort sewer line could begin in the spring.

Instead of dealing with it himself, Bradley could hand the matter over to the Environmental Assessment Advisory Committee which would hold a public hearing and evaluate the project. On the basis of their findings the Committee would then either recommend that the request for the individual assessment be allowed or denied.

If the request for a bump-up is granted, either immediately or upon the recommendation of the Committee, it

would involve a detailed study and report more comprehensive than the Class Environmental Study which was just completed.

The study would look at other alternatives to the proposal and try to more accurately determine the effect of the expansion to the environment.

Once the study is complete it will be submitted to a government review team consisting of representatives of various ministries and agencies. Winston says the Ministry of Natural Resources, the Ministry of Health and possibly the Kawartha Region Conservation Authority would all be included in the review of the document.

The review process would probable take three to six months, says Winston.

Once the review team has studied the individual assessment it can recommend that the project proceed, recommend that it not be allowed to proceed or attempt to resolve concerns by suggesting modifications to the original proposal.

The expansion of the Dysart sewage treatment system is necessary to accommodate a proposed sewer line extension to service resorts along the north shore of Lake Kashagawigamog. Eighty-one per cent of the project cost is being paid for by the province with the resort owners responsible for the other 19 per cent.

Although delays to the project have increased the estimated cost to \$7.7 million, the resort owners reaffirmed their commitment to the plan at a recent meeting.

Ministry counters concerns over Lutterworth septic

"One of the facts of life with septic systems is they have to be pumped out."

Another fact, according to Ministry of Environment director Brian Howden, is that regardless of where the sewage goes once it leaves the septic tanks, someone is bound to complain.

These bits of information, however, provided little consolation to the Lutterworth residents who attended the Sept. 21 meeting to complain

about the spreading of septic sewage on Gladys Wruth Kellett's property. Nor did the information that the disposal site meets or exceeds Ministry of Environment standards.

After hearing several concerns from residents about the potential environmental damage they believe this site poses, Lutterworth Council called for a meeting of concerned residents, the property owner and

representatives from the Ministry of Environment and Health Unit.

The sewage deposited on this site "will not leave the spreading area," said Tom Reddering, and inspector with the Health Unit. The site has two or three feet of soil above a granite base. "Basically, the thing is a large bathtub," he said.

The Kellett-Wruth property is more than 30 acres in size, of which 2.1 hectares will be used for

spreading septic sewage. Reddering said he inspected the site and found that it met all guidelines in respect to setbacks and soil conditions. Howden said he also inspected the site and found Reddering's assessment to be accurate.

Still, some of the neighbouring residents in the audience took the opportunity to air their objections and disbelief. "I cannot believe there's a granite bathtub," said one

woman. She contended that as soon as there is a heavy rain, the basin will overflow and run-off will seep across the property. She said this is especially likely in the spring, when melting snow and rain combine.

Bob McNaull, representing the Health Unit, said that no dumping will be allowed within 24 hours after rainfall. Drivers must also keep accurate records of each time they dump on the property and these records are

scrutinized by the ministry.

When the site was first approved, residents in the area were so upset that they started a petition to have the dumping banned.

Kellett-Wruth told council that people are constantly trespassing on the property to get a look at the site. "I put up all summer with people on my property," she said. "I'd like to have a movie camera to see the fun they've been having."

Senior Redmen kickers outpace Lancer squad

The HHSS senior Redmen soccer team is at the top of the league after last Wednesday's impressive 5-3 win over LCVI Lancers.

The Redmen dominated the play throughout the first three quarters of the game. Seldom did the ball cross over into the Redmen's territory in the first half as they racked up an impressive 4-0 lead.

However, as the game wore on, the Redmen started to take their lead for granted and the Lancers upped the tempo of the game and found the mesh three times in the final few minutes.

"The defence packed it in for the final few minutes," coach Walter Tose admits. He said, though, he wasn't panicking. His team played a tremendous first half and built an insurmountable lead. "A lesson was learned without too much disaster," he said.

Tose said he was surprised

at the performance of the Lancer squad. They had been billed as the team to beat this season, but their performance on the field Wednesday wasn't as strong as the Redmen had expected.

The Lancers have a lot of talent, but they are a young team and haven't learned to play as unit. They did manage a strong come-back, though, and narrowly missed out on closing the gap to one goal on a penalty kick in the dying seconds of the game.

Redmen goalie David Kinsella came up with a big save on the penalty shot just before the ref blew the final whistle.

Jan Haedicke, the league's leading scorer, notched another three goals in this game. Darren Warburton scored one while Mark Sorenson marked the fifth.

(more on page 9)

LCVI rallied in the final few minutes of the game, but Redmen goalie David Kinsella (above photo) came up with the save on a penalty shot at the close of the game. Jan Haedicke (left photo) was closely guarded throughout the match, but still managed to score three times.

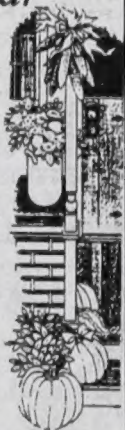

*May this delightful season of the year
be a fun-filled one for all.*

the something shop

Main Street, Minden, at the bridge — 286-3841

Junior's edged by aggressive LCVI

(from page 8)

Darnel Francis put in a solid game for the Redmen at Half Back, while all the forwards, Haedicke, Warburton, Cecil Smith, and Kelly Youngdale, played a strong game.

In the second game of the afternoon, the Junior Redmen had their hands full with this aggressive LCVI Junior Lancers. Although they put in a strong first half the Redmen couldn't contain their opponents in the second half and went down to a 3-1 defeat.

David Carr scored the lone goal for the Redmen in this game, while goalie

Bruce Milne put in an exceptional performance to keep his team in the game. Jason Donaldson, Darren Parsons and Jamie Keefer also played well throughout this game.

The Redmen's next home game is this Wednesday against Fenelon Falls. The Juniors take to the field at 2 p.m. with the seniors to follow.

Coach Tose says the Falcons may be the toughest competition for the Redmen this season. The Redmen beat the Falcons in their opening game, but last week the Falcons easily handled I.E. Weldon. The Redmen battled to a 2-2 tie with Weldon a week earlier.

Drawdown limit is unlikely to pass

This proposal was already turned down in June by the committee, says Davis

Unless attitudes have shifted in the past few months, the hopes for a seven-foot maximum drawdown limit on Hawk Lake in Stanhope Township will be turned down by the Haliburton County Water Levels Advisory Committee.

At a recent county council meeting, Dysart Deputy Reeve Bill Davis noted that this suggestion had already been addressed by the com-

mittee in June. Davis, who is the most likely candidate to become the next chairman of that committee, noted that the idea was rejected at that time.

At its last meeting, Stanhope Township Council endorsed a resolution from the Hawk Lake Cottagers Association that called for a maximum drawdown limit of seven vertical feet. At that time it was noted

that such a limit would force other lakes in the county to accept an additional drawdown of about two inches.

Water from all these lakes is used to feed the Trent-Severn Waterway.

"Whatever happened to our policy of universal drawdown," Dysart Reeve Mur-

ray Fearry asked at county council. "I have a problem with this. I think you're opening a can of worms."

Navigation in Hawk Lake is severely hampered late in the season by plummeting water levels. This year it has dropped by about nine feet, making certain areas impassable by boat.

submitted a report finding the township capable of providing water and sewer services to the development. Taylor said a development agreement between Moore and the municipality will cover the engineering and costs of providing the service.

Taylor, a former reeve of Fenelon Falls, said in her experience on council, "that in development matters, the public often fears that a development which proceeds quickly will not address the concerns that a local municipality may have. I can assure you on behalf of your

High traffic flows feared

ratepayers that in condominium development you can't proceed quickly by the very nature of the process."

The process takes at least a year and usually closer to 18 months, she said, and the time allows the municipality to settle a comprehensive development agreement in order to protect the municipalities interests.

Wayne and Mary Anne Wilson gave the presentation on behalf of the citizens' group, which consists of 12 families who own property adjacent or near to the site of the proposed development.

"I do not envy your position as you are the judge and jury in this case," Mr. Wilson told council.

He quoted from a section of Minden zoning By-law which says it is the municipality's responsibility to ensure that the use made of a parcel of land does not cause problems for adjacent uses.

"It is the strong belief of all those persons represented here tonight that not only will the proposed development have a major impact on our neighbourhood, it is also not in keeping with the intent of our new planning document, By-law 86-26. I hope you will have pride in your decision," said Mr. Wilson.

The group is not opposed to development, said Mr. Wilson, and it would welcome the construction of single-family dwellings on Moore's property. The group's concern is the impact a development of this size will have on the neighbourhood.

Mr. Wilson compared the condominium project to placing the entire MacKayville sub-

division, consisting of 59 residences, onto one hectare (2.5 acres) of land.

"This development would mean a 550 per cent increase in traffic flow and all other residential activities," said Mr. Wilson. "However, the overall area of our neighbourhood has not changed, in fact it will have decreased due to the construction of the commercial sites and associated parking.

The rezoning from rural and residential first density to residential third density with commercial uses would set a precedent and send a message to Minden residents and developers that "it does not matter in what type of residential zone you live, or intend to live, at any time a portion of your neighbourhood can be changed to intensive, multi-unit residential with some commercial units.

"Today, your neighbourhood is a single-family residence like your own, tomorrow it's a 56-unit complex with commercial facilities," Mr. Wilson said. "If this development is approved, then all residents can expect to have intensive multi-unit complexes, R-3, randomly placed within their residential, first-density neighbourhoods."

Mr. Wilson outlined some of the negative impacts the residents feel will result from the condominium development. They include increased traffic, noise, loss of privacy, a new major intersection, a huge parking lot and changes to the natural watercourse.

He also questioned whether Minden can support an increase in demand on community

Benefit concert Oct. 8

A benefit concert for the County of Haliburton Advocates for a Naturally Good Environment (CHANGE) is being arranged for October 8 at 7:30 p.m. in the HHSS auditorium.

Local performers Doug Cutler and Rev. Ed Moll will be entertaining, along with folk singer Brent Titcomb during this fundraising event.

Cutler is an outstanding pianist and songwriter, who has been playing recently at the PineStone Inn. Concert organizers are hoping he will be playing a few of his own tunes in addition to his flawless renditions of the classics.

Rev. Moll is a talented guitarist and singer, who has also written several of his own songs, which often evoke a sense of social conscience. Titcomb is a folk performer and singer, whose musical talents have yet to be widely discovered.

Admission to the concert is by donation to CHANGE. Refreshment will be available.

Wilsons land bombshell with planners remarks

(From page 10)

services such as hospitals, emergency services and schools.

Mrs. Wilson's half of the presentation contained a bombshell for council when she reported on a discussion she had with Lehman, the municipal planner.

In the course of the September 15, discussion Mrs. Wilson said it seemed Lehman was not aware of all the details of the development when he issued his report to council recommending their approval.

Mrs. Wilson said Lehman was not aware of the location of some of the surrounding residences, and when informed of their existence he retracted some of his earlier recommendations. "After learning this I wonder if Mr. Lehman would now have some further input for our council which would help them in reaching their decision," Mrs. Wilson said.

Councillor Mike Maher said he was "dissatisfied" that council had not been made aware of Lehman's change of heart regarding Moore's development. He said he was concerned that the residents' viewpoint was being represented as instructions from Lehman and said council will have to contact the planner in person. "This undermines my confidence in Mr. Lehman," Maher said.

Mrs. Wilson said the plans that Lehman based his original report on are slightly misrepresentative of the project and misleading because they showed no residential development on St. Germaine Street.

Taylor said the Wilsons' presentation represents the kind of public input council wants and needs. She said most of the concerns can be

Condo project could increase traffic flow

addressed by council in a site plan agreement with Moore.

She said the increase of the number of vehicles in the neighbourhood would not necessarily translate to a 550 per cent increase in traffic.

Privacy and the viability of adequate access to the complex can be covered in an agreement and she said the complex would not put an additional demand on snow-removal or garbage collection services because they would be provided by the owners of the units.

One of the main concerns expressed by the

residents is the proposed location of two entrances to the complex both to be located on St. Germaine Street. Because it is a dead end street, the residents feel there would be no emergency access to the complex if the street was blocked off where it meets Newcastle.

Because the meeting raised more questions than it answered, council decided to defer a decision for a month, during which time they plan to contact Lehman to verify his comments and recommendations on the project.

The project will again be brought to the table for discussion on October 26.

Cool response to proposed KRCA expansion

Proposal would double the size of authority

POSSIBLE BOUNDARY
FOR
CONSERVATION AUTHORITY

The proposal to expand the Kawartha Region Conservation Authority would involve most municipalities in Haliburton County in order to take in all of the Burnt and Gull River watersheds.

Haliburton County Council displayed little enthusiasm to the suggestion of expanding the Kawartha Region Conservation Authority into the county during a meeting September 20.

Ian Macnab, General Manager of the authority, attended the meeting along with Somerville Reeve Bryce Young and Bexley Township Councillor Margaret Mitchell. They were there to describe how a conservation authority works and what would be involved if the county wanted the boundaries expanded.

Following the lengthy presentation by Macnab, though, no one on council spoke in favour of an expansion. Some, however, raised concerns about costs and the potential for problems if the Kawartha Region Conservation Authority was to be amalgamated with the Otonabee Region Conservation Authority.

The suggestion for an expansion of the authority into Haliburton County was generated by requests from Somerville and Bexley Townships to have more of their lands included in the authority. Because an authority must incorporate all of a waterway into its boundaries, this expansion is not possible without also including parts of Haliburton

County.

The water courses in question are the Burnt and Gull Rivers. In order to bring these into the KRCA, two thirds of the municipalities in the proposed expansion will have to agree to the move. The expansion would more than double the area already covered.

One of the key concerns, as cited by Dysart Township Deputy Reeve Bill Davis, is the possibility of a future amalgamation with the Otonabee authority. Presently there are 38 conservation authorities in Ontario, but the province is looking into the possibility of reducing this number by amalgamating neighbouring authorities.

daries.

Minden's Deputy Reeve then asked if it would be possible to have a separate conservation authority in Haliburton, rather than joining up with the KRCA. Macnab said this is a possibility, and it may have some advantages. However, with the province looking to reduce the number of conservation authorities, he said it is unlikely they will entertain this idea.

Some of the main advantages to having a conservation authority include the assistance they provide in land-use planning, erosion control and flood control.

If a conservation authority existed in Haliburton County, it could provide

'There's a good possibility that the water problems here are the result of the Otonabee system . . . We don't want to join the problem.'

"There's a good possibility that the water problems here are the result of the Otonabee system," said Davis. "We don't want to join the problem."

Macnab responded by saying an amalgamation between the two authorities is unlikely. He said that if the KRCA does not expand into Haliburton it will be left with its present boun-

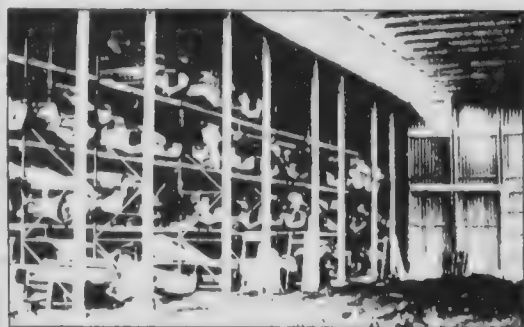

expert advice about land use and would be an important contributor into the development of any Official Plans. It would be involved in such projects as reforestation of areas sensitive to wind or water erosion. It would also be responsible for any flood plain mapping, rather than the

Archie Stouffer Elementary School students laid tracks through the woods around the school last Friday during the annual cross-country meet.

Hundreds of students, and a few of the teachers as well, paced themselves through the gruelling course that took them out through the hilly, wooded path behind the school.

Many of the runners displayed their stamina by holding a strong pace throughout the course, while others set an easier pace, walking at times over the colourful carpet of fallen leaves.

It was clear that everyone enjoyed themselves during the cross country meet at Archie Stouffer Elementary School on Friday afternoon. Above, one of the young runners maintains a steady pace through the thickly-wooded course. Below, Tyler Woodcock, one of the many spotters along the course, keeps track of the runners who pass his post. Left, the runners jostle for position at the starting line.

Look to that ancient patch of light

*"When I look at the sky, which you have made
at the moon and the stars, which you set in
their places
who are we, that you think of us;
mere mortals, that you care for us?"*

Psalm 8:3,4

In the fall sky, a constellation rises out of the west in the evening: Pegasus, the Flying Horse. It looks like a huge Big Dipper, four bright stars forming a square, another three trailing to the north to form the "handle". Near the second star in that handle, you can see, on a cool clear night, a faint patch of light. In medium-powered binoculars the patch is brighter and shaped like an oval.

This is the Andromeda galaxy, another system of stars like our own galaxy. A system that may have as many as one hundred billion stars in it, many like our sun. The Andromeda galaxy, (or M31 as astronomers call it) is close enough to our own to be visible to the naked eye. Close enough is a

directions

by Edward Moll

relative term, though.

Let me take you on a journey with a light beam. You would be travelling at a rate of 186,000 miles per second. Count one-one thousand and you are half way to the moon. If you travelled on a sunbeam it would take you eight minutes to reach earth.

When Voyager passed by Neptune, the radio signals which carried those amazing pictures back came at the speed of light. It took four hours and six minutes to reach us on earth. If a fuse blew at breakfast we wouldn't know about it until lunch.

Distances between stars are so great they are measured in terms of light years, one light year

being the distance light travels 186,000 miles per second in one year. You figure it out. The nearest star to our solar system is 4 1/2 light years away.

Why am I telling you this? Because that fuzzy patch of light you see in that fall sky, the Andromeda galaxy is 1,700,000 light years away. To put it another way, the light you see when you look at that faint glow is 1.7 million years old. You are looking at light that started its journey when we were starting to walk on our hind legs; when we were starting to bury each other after death, instead of leaving the bodies to the vultures; when the first ice ages began; long before the wheel, before fire, before paper, writing and reading.

So the next time you say to yourself "I don't have time to play with the kids, or make love with my wife, or go to church", look for that faint patch of light in the fall sky and catch a glimpse of eternity. Then play with your kids, make love with your husband or wife, and come to church this Sunday.

Cottagers trying to help avoid environmental pitfalls

(from page 5)

developed properly, with forethought toward the ecology and economy. We are not trying to tell you where to "put your industry", we are saying there are alternatives to sites which are rushed through a system which is altered to suit the builder with no input from those who are immediate neighbours, and without proper explanation and notification to the local people of the dangers that could exist in the run-off from such a site being so close to the lake. What we are trying to do is preserve Haliburton and its waters to prevent the area we all love from becoming an area that the

people cannot enjoy because of water pollution.

Do you want to swim in lakes and rivers like Lake Ontario, the Humber and Don Rivers in Toronto? Those spots are so polluted because no one cared enough in the beginning of their planning processes to consider what would happen to the waters. It will now take years to try to restore those waters to their previous condition so all can enjoy them.

We are trying to prevent Haliburton from making the same mistakes that will hurt all the people whether they be Cottagers or Permanent residents. That

is also why there has been such controversy over the new sewer system. Yes, by delaying immediate building of the plant, the costs will go up, but we will ensure the safety and beauty of the area, and yes the Cottagers' taxes will go toward the new system as well.

I am getting tired of the inference that we are all well-to-do busybodies who should be taken advantage of and who are trying to tell you all what to do. My parents worked darned hard and made many sacrifices to purchase their summer home for enjoyment in the retirement years. After being in and supporting this community for over 20 years why

shouldn't we have some input into where development takes place in this community and why should we continue to be insulted at every turn? The mentality of this cartoonist and some of your narrow minded politicians shows exactly why the Cottagers want to have a representative on Council. We don't want to take Council over, we just want to make sure we have fair and equal input to issues that affect us all.

Elisabeth Conquergood,
Toronto.

Lions petition Health Ministry

A petition has been initiated by the Minden Lions Club in an effort to convince the Ministry of Health to locate a dialysis treatment facility in Peterborough.

According to Lion Maurice Boyd, the ministry has the funding in place for a number of these kidney dialysis machines, but the locations for the equipment has yet to be determined. the Lions would like to see one of these units located in Peterborough to serve the surrounding area.

The petition is addressed to the Lieutenant Governor

and the Ontario Legislature and reads as follows:

"Whereas the City of Peterborough be designated as a Dialysis Treatment Center, whereas that designation be included in the first year of the announced expansion program for kidney disease treatment, therefore we ask that the government make this decision so to be better able to serve the needs of the many dialysis patients in the large area surrounding Peterborough."

Presently, anyone needing this treatment has to travel to Toronto. After

spending up to four hours on the machine it is a long, tiring drive back to this area.

Petitions have been posted at several locations

throughout Minden, including Leon's, Highlands Plumbing, Lawry's Cafe, McMahon's Feed and Harness, and the Minden Legion.

GST huge burden

Editor:

As a retiree, I recompiled my 1988 income and expenses in detail to determine the impact of the new General Sales Tax. I also checked with Revenue Canada's GST information line

to ensure GST exemptions and low-income tax credits were correct for my calculation.

Based on the 2.5 per cent one-time inflation, nine per cent GST and the supposed offsetting low-income tax credit, this tax will cost me an additional \$1,100 annually. This is an additional 29 per cent on my current income taxes.

People better write their MP right now and protest loudly, or pay thousands of dollars for their silence in the coming years.

W.L. Manhire,
Wilberforce

Not a criminal matter

(from page 5)

ing on the health of women and their families. We don't need or want a criminal law. Pregnant women are not criminals. Abortion is properly seen as a matter of health. There is no legislation governing other medical procedures; the decision for specific medical care is based on what is known to be good medical practice.

The decision whether or not to terminate a pregnancy is one of the most difficult decisions a woman has to make in her life. Ninety-nine point six per cent of all abortions are performed before the end of the 20th week of pregnancy. Women should decide for themselves the fate of their own bodies; their own lives. It is a woman's choice.

Even under Section 251 of the Criminal Code there were no gestational limits on the performing of abortions. There are good reasons why abortions are sought after the first trimester. Lack of access to the service may cost a woman valuable time. Money may be a problem. Young women sometimes do not know they are pregnant. Amniocentesis, by which fetal abnormalities are

diagnosed, cannot be performed until the 16th week of pregnancy, and it may take until the 19th week or longer to make a diagnosis, then comes the search for access to abortion and more delay. The answer to later abortion is not another abortion law, the answer is access early in the pregnancy. Furthermore, sex education and birth control counselling reduce the need for abortion, late or early.

If the government must bring in a law let it be one that would guarantee easy access to all women's health care services including abortion, family planning and birth control services. Let us not encourage unnecessary laws, but government action that will provide real and meaningful solutions to the problem of unwanted pregnancies.

Parliament take note - most Canadians do not want another abortion law. Readers are invited to write or call their M.P. if they want to ensure that women's freedom of choice is preserved.

Some of the targetted trees predate the church itself

Editor:

The Twelve Mile Lake Cemetery has something very peaceful about it. Some of the headstones date back into the

Trees add charm to cemetery

Editor:

I would like to add my voice to the objections of others to the cutting down of the pine trees in Twelve Mile Lake cemetery. It is the trees that make this cemetery stand out as a beautiful place: a place where one can feel at peace as we visit the resting place of our loved ones.

It seems to me that those who have loved ones here should have some say in what should be done; perhaps a meeting is a good idea.

The number of grave sites that could be gained is really insignificant. No matter what we do to get a few more sites the Twelve Mile cemetery could soon be full. There is need for more planning to establish a larger cemetery for the townships or county.

With our growing population and with some people from outside buying plots we will need more room. I like the suggestion of having more cremation interments.

There is one big pine tree that must be older than the church, which is celebrating its centennial next year. This tree may be taking up the space of about one plot, and is completely surrounded by graves. It would be a crime to cut it down.

Hazardous trees may need to be cut, but let us keep as many as we can.

Norm Wallace.

1800's. So do some of the beautiful, healthy trees that form a canopy over the graves. There is nothing cold about this cemetery, and it is for that reason that many people chose to be laid to rest there.

I remember walking through the cemetery, feeling great admiration for its nature. To my knowledge several of the marked trees are well over 100 years old and have survived a couple of forest fires.

To cut down these trees would be to change the cemetery altogether. It was never intended to be a crowded, cold place, but that is what it would turn into without those ancient trees.

Phyllis Mighon, who wrote to *The Times* last week, has the right idea. She suggested that the area around the marked trees, as it cannot be used for regular grave plots if the trees are saved, be used for cremation plots only. This is

a possibility that should definitely be looked into.

These trees are as much a part of the cemetery as the cemetery is a part of Twelve Mile Lake. Let's hope that the trees will be allowed to remain healthy and strong for as long as nature, not man, sees fit.

Christine Moore,
Minden.

Rural Post Offices need protecting

Editor:

I am writing with regard to the letter, which appeared in the September 18 *Times*, from Joan Inkman, Editor of the Agassiz-Harrison B.C. Advance. The cartoon with the Canada Post logo piercing the heart couldn't make my point of view any stronger.

The Post Offices in our rural and small towns are an integral part of the community. How many people don't feel better, on a blue day, after walking

to the post office, picking up their mail and chat with whoever is there? Sometimes that is their motivation to get out of the house and feel better for it.

Unless we band together and start writing letters to our M.P.s and the Hon. Harvie Andre, the Postmaster General, there will not be a small post office left in Canada. Don't wait until you hear rumours of closure. By that time it is already too late. Canada Post must give notice of closure 90 days prior to closure. However, what many don't

realize is that that notice might be buried in a paper miles from where the Post Office in question is located. For example the Ottawa newspaper may carry a small article giving a date when Minden post office is to be closed. That follows their regulations - but we won't know until it's too late. I urge you all to write — Remember letters to the House of Commons require no postage - in support of ALL post offices.

Francine Newton,
Minden Lake.

It's not necessary to cut the old pines

Editor:

Re.: The cutting down of fifteen beautiful old pine trees this fall in The Twelve Mile Cemetery. It is not necessary to cut down these trees as there is plenty of land in the Anson, Hindon and Minden Townships for the use of burials.

This Minden Cemetery board is a newly-formed group and are the ones planning to cut these trees. We, the people, have been there for over a hundred years and we've always looked after the cemetery and did a good job.

Now The Twelve Mile Cemetery is a beautiful, peaceful resting place. It's at the beach of Twelve Mile Lake and there is no other place like it in all Canada. We the people insist it be preserved in its original state. No cutting down of the beautiful 100 to 150 year old pine trees.

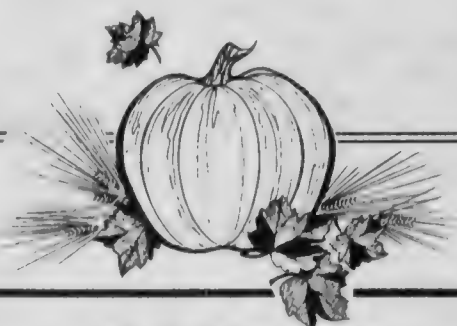

It's the trees and beach that make it such a beautiful place. Oh yes and the little church (services are still held there July and August). We need your help to save the pine trees. Please help us stop this slaughter of the pines.

All our ancestors pioneered this area.

They are all buried in Twelve Mile Cemetery - four and five generations. Those of us still alive have purchased plots in Twelve Mile to rest with our ancestors.

If the pines are destroyed on a whim it will destroy all the beauty of Twelve Mile Cemetery. If we allow these fifteen trees to be cut down it's just the beginning of the destruction of Twelve Mile Cemetery. In God's name help us. Thank you.

Phyllis H. Cunningham, Oshawa.

Rising enrolment could mean deficit budget for school board

The Haliburton County Board of Education may be faced with a deficit budget at the end of this year because increased enrolment has required the hiring of additional staff.

The board has to hire two teachers for the Archie Stouffer Elementary School in Minden to cover the rise in student population. This year the school has 60 more students than it had last September.

Educational Assistants are also required in Haliburton Village and Wilberforce to help cover large classes and to supervise the students during the teachers' 40 minute uninterrupted lunch period.

At last Tuesday's meeting, Director of Education Stuart Baker said the Board may be faced with a deficit budget for the first time in about five years.

Jim Bradley, the board's Business Administrator,

increase in enrolment and design the financial needs accordingly. He says it looks as if his estimates are close enough that if there is a deficit it will only be a slight one.

The board's financial

For the past few years the Board of Education has managed to operate with a slight surplus in the budget and Bradley says there is still a good chance they will break even this year.

The trustees should start thinking in terms of a deficit though, he says, because of the demands made on the province's school boards by new provincial programs, without any additional grant support from the Ministry of Education.

In response to this trend, the Haliburton Board has supported the Huron-Perth County Roman Catholic Separate School Board in

(more on page 23)

'It sounds like a lot of money but it represents less than one per cent of the overall budget.'

says when he does a revised estimate at the end of October he will have a clearer picture of the board's financial position.

When preparing this year's budget, Bradley says he attempted to predict the

situation is far from serious, says Bradley, and even a deficit of \$100,000 will not cause serious problems. "It sounds like a lot of money but it represents less than one per cent of the overall budget," he says.

Tremendous response to petition for hospital beds

The response has been tremendous so far to the petition which calls on the province to make good on its promise for funding for the 18-bed expansion to the Haliburton Hospital, says Harry Davis.

"The positive response to the full-page ad in *The Times* for the 18-bed expansion to the Haliburton Hospital is far beyond anything we had anticipated," said Davis, who is spearhead-

ing this campaign.

Although it is impossible to know exactly how many people have signed the petition and mailed it off to their MPP, Davis said he has received dozens of calls "from people who are profoundly concerned with a government that would fail to live up to such a commitment."

Strong response to a fundraising campaign and financial commitments from local

councils succeeded in raising the local share of the cost of the expansion. However, the Minister of Health has since decided that hospital expansions are not the answer to improving the province's health care situation.

The full-page ads in *The Times* and the Haliburton Echo were created in an effort to convince the minister to reconsider her stand on funding for the Haliburton Hospital expansion.

Costs will depend on amount of work to be done: KRCA director

(from page 12)

Ministry of Natural Resources.

There are costs involved, though. These costs, said Macnab will depend on the amount of work that is to be done each year. Last year in the Kawartha Region the average cost per capita amounted to \$3.41. These costs are set by the municipi-

pality and depend on what projects are requested.

If the KRCA is to expand into Haliburton it will be at the request of the municipalities here. "It's not a question of the conservation authority expanding its boundaries, but of municipalities asking to come in," he said. The municipalities would have vote in favour of such an expansion before it could take

place.

While county councillors weren't about to jump at the chance to join the authority, neither did they rule it out. They were invited to take part in a bus tour on Oct. 1 to get a first-hand look at the work being done by the authority and Macnab was invited to address last Friday's Levels Advisory Committee meeting.

Mary Oliver celebrates 100th birthday in grand style

A sly smile crept across Mary Oliver's face when she was asked what is the secret to her longevity.

"I was waiting for someone to ask that question," said the 100-year-old woman who was celebrating her birthday at Hyland Crest last Tuesday. She said she had given it some thought, and anticipating that someone was bound to ask this question she would be prepared with a witty answer.

"Yorkshire pudding," she said with a grin. That's the secret. But not the sort of Yorkshire pudding that is served up here. It has to be made in a flat tin and served up at the start of the Sunday dinner. And in order to really work its magic it should be prepared by a Yorkshire man, she said.

It's clear that 100 years of good living hasn't hurt Oliver's sense of humour. Nor has it clouded her memory. Sitting patiently in the common room at the Home on Tuesday while Reg Argyle worked on his Ham radio set, trying to patch a signal through to England, Oliver recalled her early days back in Yorkshire, England. What she remembered most of all (understandably so) were the Sunday meals with her family and, of course, the glorious, billowing Yorkshire pudding.

As a special treat for Oliver on her birthday, Argyle had set up his his Ham radio outfit at the Home. He had prearranged a contact with a fellow Ham in England. However, the radio conditions were poor on this day and despite a great deal of patience and effort, Argyle couldn't

make the connection.

Undaunted by the unco-operative airwaves, Oliver responded to the situation in her usual good humour. Always the Royalist, she asked: "Can't he get through to Buckingham Palace?"

On Tuesday afternoon a party was held in Oliver's honour at the home. Dozens of residents and family members were on hand to for this special occasion, when cards were received from the Prime Minister, the Ontario Premier, the Governor General and the Lieutenant Governor. Oliver was delighted to listen to a special poem,

written by Jimmy Cooper for the occasion. Another treat was a song written by her grandson Donald Oliver, which chronicled Oliver's incredible life.

Oliver came to the Highlands in 1919 as a World War I bride with her husband, Arthur. They moved into a home on Halls Lake, where she lived until several years ago when she came to Hyland Crest.

Tuesday's party was the second such celebration for Oliver. On the weekend, friends and relatives put on a tremendous party at the Stanhope Community Centre. Oliver said she thoroughly enjoyed the occasion and

said she received more than 150 birthday cards.

Celebrating a 100th birthday was a delight for this woman, whose youthful manner belies her age. Everything was perfect, she said. Everything, that is, but the unco-operative radio signals. Argyle continued to work with his equipment into the afternoon, but had no luck getting through.

It has been a very good 100 years for Oliver and if she had to do it again, she says she wouldn't change a thing. For the future, she says, "I'll leave it to the Lord how much longer I live."

Mary Oliver was delighted to listen to a song, written and sung by her grandson Donald, at her party last week.

Santa's coming to town thanks to Minden Lions

for your service

by Alan Thompson

Minden and District Lions Club are happy to announce the return of the Santa Claus Parade in Minden, Saturday, December 2, 1989. With the help of Minden Council and the B.I.A. we are sponsoring the parade. The Committee under the chairmanship of Lion Bill Stackhouse is in high gear with the plans. They will contact every Business and Association to enter a float. Charles Muli, Frontier Motors, will enter his 1914 Model T, and Santa will arrive in an antique cutter. Parade Route and Float update will be announced in the next Lions column. Last year Kinmount held a Santa Claus parade with 40 floats. Let's pull up our socks and do as well.

The 5 Counties Children Centre held a golf tournament at the Beaverbrook Golf Course with

Lions Lee Oster, Bill Stackhouse, Paul Nory and friend Tony Orecchio. They paid their own \$30.00 greenfee and the club donated \$100.00. A happy time they had even though Lee needs to brush up on stopping a golf cart without the help of another cart.

September 18, 1989 the club presented a cheque for \$7,000.00 to Hyland Crest Nursing Home to help purchase their new bus, this was the proceeds from our recent draw.

Frank Dunsford, one of our charter members, has been ill and in Peterborough hospital, all members wish him a speedy recovery.

We will have Hockey Tickets again this year which can be obtained from club members. Last year there were many winners in our area and tickets are \$10.00 each.

Christmas is again approaching and the club is selling Christmas Cakes. We had many comments about how good they were last year, the quality is the same this year.

A last reminder, we need lots of floats for the Santa Claus Parade.

Ministry programs costly to boards

(more on page 18)

it's attempt to have the Ministry cover unexpected deficits incurred because of provincial initiatives.

In a letter to the Ministry, Huron-Perth board chairman Vincent McInnes says, "Boards should not be held responsible for deficits incurred in local education bud-

gets as a result of provincial initiatives such as mandatory Junior Kindergarten.

McInnes says most school boards in the province have suffered reductions in grants forcing them to "rush to cut back on previously set school board priorities in order to accommodate newly mandated ministry programs."

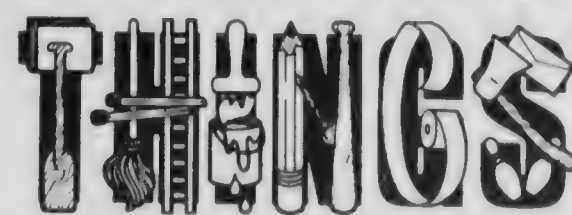

The Huron-Perth board believes the Ministry of Education should accept some responsibility for the deficits and provide additional funding to assist school boards.

Bradley says a program like the mandatory Junior Kindergarten will put a heavy financial burden on the Haliburton Board be-

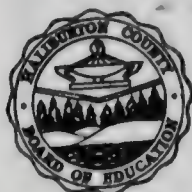

cause although provincial grants will cover the increase in student population, other costs such as additional accommodation transportation and staffing will still have to be met.

"The province will give you money for the students but they don't give you any money to build a classroom to put them in," he says.

RE/MAX®

around the county town

by Jeanne Sears.

The Times' staff extends sincere thanks and a big hello to our Swiss correspondent Heidi Riggenbach who very kindly sent us a box of yummy Swiss chocolates. They were very much appreciated and enjoyed Heidi.

Birthdays coming up in October at Hyland Crest include Tryphina Jenkins 3rd, Lucy Burgess and Marjory McIntosh on the 6th, and Lula Ferrill on October 9. Robert Mitchell celebrates his birthday on October 22. Our best wishes to all.

Birthday greetings to Debbie Cox who celebrated on September 28.

If there is anyone out there who would be interested in filling in Jean's shoes as a columnist for The Times, contact this newspaper.

Visiting Mary Currah to celebrate her birthday recently were her brother Russ and his wife Lil from

Uxbridge. They celebrated the happy occasion with a lovely dinner and cake.

Mary Currah's brother John and his wife Gertie from Oshawa recently celebrated their 60th wedding anniversary.

Sincere sympathy to the Haliburton Lake family and friends of the late Mr. Balaski and the family and friends of Kenneth Gardner of Kinmount whose funerals were held last week.

Reporter Jay Kerr-Wilson has returned from a visit with family and friends in Ottawa. He says the highlight of his trip was watching the Ottawa Rough Riders actually win a game but we think it was really his becoming engaged to Alison Thomas of the Lindsay Daily Post. Sincere congratulations to you both.

Winners at the St. Paul's Anglican Church card party last Thursday, September 21 included, for most lone hands, Joyce Hewitt, while

ladies' prizes went to Eleanor Pye and Gladys Wruth and men's to Jeanne Sears and Nora Briggs. On September 28 the ladies winner's were Hilda Harrison and Ruby Schmidt while Jeanne Sears and Sid Rowe received men's awards. Most lone hands again to Joyce Hewitt.

Monthly meeting of the Minden Agricultural Society on Tuesday, October 10th, at 7:30 p.m., at the Fairgrounds.

Club 35 euchre winners on September 18 were: 50-50 - Marg Denham, most lone hands - Len Trodd, high lady - Mary Schad, high man - Mary Reasor, and others - Olive Jones, Art Parker and Eleanor Ferris.

September Song

This is the nicest time of year when lovely September does appear.

Blue violets in the park do grow and as yet we do not think of snow.

The summer is past with its

wild uproar and our little town is peaceful once more. The leaves are really turning fast and the time for swimming has now gone past.

So welcome each day as it comes along.

And try to sing a cheerful song.

Florence Robinson

Club 35 Euchre for September 25 had the following winners: 50-50 - Wally Harpur, most lone hands - Bill Kleinschmidt, high lady - Edith Russell, high man - Joe Lumsden, others - Edith Burch, Olive Daniels and Jim Irwin.

Club 35 Bridge had the following winners on September 26: 1st - Bill Kleinschmidt, 2nd - Claudia Watters, 3rd - Vangie Croucher. All bridge players are welcome every Tuesday at 1 p.m. at Club 35.

John and Freda Hulbig of Minden have recently returned home after spending two weeks visiting friends and relatives in

Thunder Bay.

Legion Euchre for September 21, 1989, turned out the following winners: most lone hands, ladies, -

May Sinclair, men - Ralph Schad, high man - Reg Munns, high lady - Grace Munns, others - Marg Fletcher and Murray McKenzie.

Kennel Call

Found on Twelve Mile Lake Road West on Thursday afternoon was a young black male lab-type dog. He is well-groomed, well-mannered and was wearing

a black leather collar.

The dog is presently at Minden Animal Clinic on Bobcaygeon Road North in Minden. For information call 286-2919.

HIGHWAY 118 — ONE MILE WEST OF HALIBURTON 457-2011

Meals on Wheels volunteers serve thousands

"No one ever died of having a dirty house, but you can die if you don't have proper meals."

This is the heartfelt philosophy of 22,000 Meals on Wheels Volunteers across Ontario. Meals on Wheels week, October 2 to 7 is a celebration! It

recognizes these volunteers who are motivated by concern and caring to serve the frail seniors and people who are handicapped, disabled or convalescing. They are convinced that by providing hot, nutritious meals, almost 90,000 Ontarians can remain in their own homes, avoiding premature

or unnecessary institutionalization.

The 1.6 million meals delivered each year by this army of dedicated "neighbours" enabled recipients to maintain their independence and dignity. Last year, Haliburton County Home Support Services' volunteers deliver 4437 to

their neighbours.

Our volunteers also provide social contact—a lifeline to the community. Sometimes they may be the only person the recipient sees each day. Each visit is an opportunity for the volunteer to ask "How are you today?" of the home-bound person. This person-

alized checkup is greatly appreciated by distant family and friends.

While meals for Meals on Wheels are prepared in a variety of locations across the province, Haliburton County Home Support Services' are provided by the Haliburton Hospital, Kosy Korner Restaurant,

Hyland Crest, K & A Restaurant, Phil's Roadhouse, Hollow Valley, Ridgeview Restaurant, Craftsman Restaurant, Dennis' Restaurant, Kinvale Restaurant, and Bessie Burk's home. These nutritionally balanced meals are

CORPORATION OF THE TOWNSHIP OF STANHOPE

PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope, proposes to enact a by-law to stop-up, close and convey to the abutting property owner those parts of original shore road allowances set out and described as follows:

FIRSTLY: All and Singular those certain parcels or tracts of land and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of the 66' original shore road allowance lying in front of Lots 15 and 16, Concession III being more particularly described as Parts 1, 2 and 3 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 4415.

THE PROPOSED BY-LAW will come before the said council for consideration at its regular meeting at the Municipal Office in the Township of Stanhope on the 14th day of November, 1989 at the hour of 11 a.m., and at that time, the Council will hear in person or by his/her counsel, solicitor or agent any person who claims that his land will be prejudicially affected and who applied to be heard.

DATED: September 26, 1989.

Gerald C. Bain, A.M.C.T.
Clerk-Administrator
Township of Stanhope,

Organ donations save many

Each year many lives are saved through the generosity of people who had the foresight and compassion to make the decision to become organ donors upon their death and to discuss these plans with their families.

Tragically, many more lives are lost while people wait for organs that are not donated.

To help people to better understand how organ do-

nations are vital to today's transplant programs, the Multiple Organ Retrieval and Exchange Program of Ontario has hired five regional communications coordinators.

During the next year, these people will be visiting hospitals to work with health professionals and the public to promote donor commitment.

According to Cheryl Rosell, the executive direc-

tor of this program, "Our goal is to increase the number of organs available by providing the public with more information on how they can donate organs and make a wonderful life-saving gift to someone else."

The communication coordinators will accomplish this by setting up hospital information sessions for health professionals and public forum meetings for the general public.

'A privilege to be accepted'

(from page 23)

delivered around the noon hour on Monday, Wednesday and Friday in all areas except in Cardiff where they are delivered around the suppertime on Monday, Wednesday and Friday. They are delivered by approximately 40 volunteers.

The number of days our volunteers choose to serve

is optional, such as once a week or once a month, but many deliver quite frequently as they really look forward to greeting the clients waiting at the door for their daily visit. As one of our volunteers said, "It is a privilege to be accepted as a small part of someone's life."

The cost of the meals is \$3.00 in all areas except in

Cardiff where they are \$3.25. Requests for service can be made by an individual directly, or through a family member, or referred through the attending professional. Haliburton County Home Support Services can be reached at 457-2941. Norma Parnell will cheerfully talk to you about volunteering to join this "army of caregivers".

New Horizons funding helps workshops to be continued

Funding from New Horizons has made it possible for us to continue our workshops. As part of our volunteer training, we have three workshops planned for September and October. These workshops are an excellent way to learn new skills and make new friends. They also give you an opportunity to share your volunteer experiences with others.

Please mark these dates on your calendar and plan to attend. We need your participation to make these workshops a success. Plan to come out and bring a friend. These workshops are free to our volunteers and potential volunteers. Refreshments are provided.

To register for our workshops, contact Norma Parnell, Volunteer Co-Ordinator at 457-2941, Monday to Friday, 9 a.m. to 5 p.m.

The next workshop, "The Bereaved," is set for October 6 at 1 p.m. at the Drop-in Centre in Haliburton.

Joan Beall will be the guest speaker. Joan is the author of the audio tape "Coming To Grips With Grief", an honour graduate of a Gerontology Programme, as well as running her own company, "People In Touch". This workshop will help our volunteers to:

1. Feel more adequate when dealing with persons who have experienced the death of a loved one.
2. Feel more comfortable with the crying, the anger and the guilt.
3. Be a good listener and to

respond appropriately.
4. Know what not to say. i.e. Glib remarks.
5. Leave with the feeling of having been a help to the bereaved person.

The workshop on October 11 is called: "Dealing with Depression", and starts at 10 a.m. at The Drop-in Centre.

Wayne Casey from the

Civic Hospital is the guest speaker. Casey has a M.S.W. degree in Social Work. He has 16 years experience in the field, with the last four years spent working with the elderly. Casey will speak to us on signs to look for, how to spot depression and how to deal with it.

HALIBURTON COUNTY PUBLIC LIBRARY

requires
LIBRARY CLERK

This is a temporary position in our Haliburton Headquarters to begin as soon as possible and terminating not earlier than December 31, 1989.

The successful applicant will be a high school graduate with public library experience or equivalent qualifications. A Library Technicians Certificate would be highly desirable. This person must be able to work accurately and deal with the general public with tact and diplomacy.

Under the direction of the County Librarian, this person will be trained to be responsible for the Inter Library Loan and film booking functions at the county level. They will be required to perform such other duties as the County Librarian may require. They should be prepared to work with a highly user-friendly computer system.

Applications **IN WRITING ONLY** to the County Librarian, Haliburton County Public Library, P.O. Box 119, Haliburton, K0M 1S0 to arrive before noon on October 10, 1989.

The Gallery
OF HOMESThis is not intended to solicit
properties already listed for sale**MINDEN 286-2381**

LITTLE HAWK LAKE: At the landing. Handyman special, 2 cottages, 1 frame, and 1 log. Large lot, 81.80 ft. frontage, 351 ft. depth. Well treed, year round road, hydro and phone. Asking \$125,000.00. For further information call Corinne Simms at 286-2381 or 754-2279.

CRANBERRY LAKE: 300 ft. frontage on the lake. Western exposure. Nicely treed building lot with a great view. Asking \$79,000.00. For further information call Corinne Simms at 286-2381 or 754-2279.

KOSHLONG LAKE: Hide-a-way cabin, 1 bedroom, 2 pc. bath, kitchen and living room area, screened porch. Raft, dock, boat, motor, and canoe. Excellent building lot with 110 ft. of sandy shoreline. Asking \$125,000.00. For further information call Corinne Simms at 286-2381 or 754-2279.

BURDOCK LAKE: 19 acres with over 1000 ft. lake frontage and 767 ft. on the Kennisis Lake Road. Hardwood bush, good building sites. Very private. Asking \$125,000.00. For more information call Corinne Simms at 286-2381 or 754-2279.

HORSESHOE LAKE COTTAGE: Pretty as a picture - two bedroom cottage on a good level lot. Sandy beach and excellent for swimming and boating. Stand on your dock and catch some fish! Listed at \$149,000.00. For further details call Jessie Pflug at 286-2381 or 489-3713.

BRADY LAKE: Clean well kept older cottage with three bedrooms. Nice level lot with sandy beach and a good dock. Storage shed on property with year round road access. Asking \$139,000.00. To view call Jessie Pflug at 286-2381 or 489-3713.

CREGO LAKE: Peaceful quiet setting for the large cottage on Crego Lake. Safe, sandy beach, nicely treed, sloping lot. Asking \$160,000.00. For more information call Jessie Pflug at 286-2381 or 489-3713.

YEAR ROUND HOME: On extra large lot on Horseshoe Lake. Lots of privacy plus over 200 feet of shoreline. Must be seen! Asking \$249,900.00. To view call Jessie Pflug at 286-2381 or 489-3713.

RACKETY TRAIL: Looking for large acreage with year round road access, hydro available plus a great building site? This is the property for you, listed at \$49,900.00. Call Jessie Pflug at 286-2381 or 489-3713.

FARQUAR LAKE: Waterfront lot: Good shoreline for swimming and boating. 160 feet of frontage with 2 1/2 acres of land. Older cottage on property. Listed at \$119,000.00. For further information call Jessie Pflug at 286-2381 or 489-3713.

RAVEN LAKE: Looking for a nicely treed waterfront lot? This one has good shoreline and you can either walk-in or take a short boat ride to view this property. Call Jessie Pflug at 286-2381 or 489-3713.

LITTLE BOB LAKE: Looking for a wooded, rugged lot with waterfront? Here's 2 1/2 acres that needs an imaginative builder - check it out! \$33,000.00. Call Jessie Pflug at 286-2381 or 489-3713.

FULL LINE PROFITABLE GROCERY AND CONVENIENCE STORE: Well equipped for turn-key operation. Busy highway location. Two bedroom separate residence included. \$439,000.00. To view call Jessie Pflug at 286-2381 or 489-3713.

ACTIVE GENERAL STORE/GAS BAR: Located on busy Highway 35. This business is well established. Docking area on Boshkung Lake to service cottagers. Three bedroom residence is also included. Listed at \$350,000.00. Must see! Call Jessie Pflug at 286-2381 or 489-3713.

BONNIE VIEW INN

A YEAR ROUND
COUNTRY INN

Lunches Daily Noon - 2 p.m. • Dining 6 p.m. - 9 p.m.
Lounge Open 11 a.m. - 1 a.m. Nightly

The Bonnie View Inn is one of the most
respected names in Highland Hospitality.
Relax, enjoy the spectacular view and fall
colours. Knotty pine decor; cobblestone
fireplace and fine dining await you any
day of the week. A year round country Inn,
Bonnie View is located on South Kash-
agawigamog Road halfway between
Ingoldsby and Haliburton. VISA, Master-
card accepted.

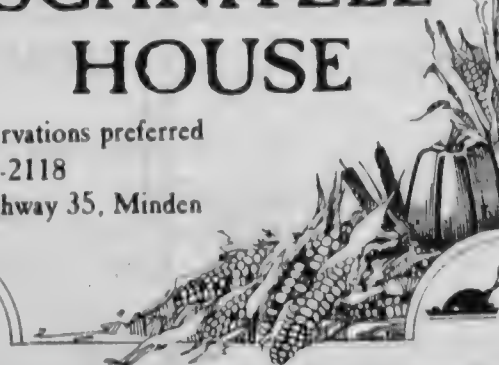

Reservations Preferred — Call 457-2350

BUY THEM WHERE YOU RIDE THEM!

There are a lot of good reasons to buy your snowmobile from a Haliburton Highlands Snowmobile Dealer, especially if you ride the local trails.

1. Local dealers know the area - they know the machine best suited to your requirements and the terrain in which you'll be riding.
2. Nothing can be more frustrating than a wasted weekend because of service requirements. Local dealers make a special effort to ensure their customers get maximum trail time. And, when your sled needs regular service, what could be more convenient than to leave it one weekend and pick it up the next — ready to go.
3. Local dealers support the local snowmobile trail clubs. They are keenly interested in ensuring you have the best possible trails and take an active part in representing all rider interests at the club level.
4. Local dealers can be an excellent source of information to make your snowmobiling outing even more fun. They can advise you what's on, how to get there, great places to visit, eat, relax and enjoy. In many ways, they are your key to an enjoyable time on your sled in the Highlands.

Hyland Crest residents help celebrate birthday

Thursday the Ladies of the Anglican Church, Kinmount served the tea party. The lunch was delicious for which we thank the ladies very much. During the lunch Sadie Kitcheman sang "How I Miss You Tonight" and we enjoyed it greatly.

In the evening we had bingo. David Bathe of the Kinsmen Club called for us. It was his first to call bingo. He did a real good job. Thank you David, we appreciate you coming.

Friday afternoon happy hour was held and George Smith played the violin

accompanied by Doris Robertson on the piano. The Residents enjoyed and thank them sincerely.

My sister and her husband, May and Roy Cameron and their daughter Jacqueline Yateman had dinner with me Friday.

On September 23 open house was held at Stanhope recreation centre for Mary Oliver who celebrated her 100th birthday September 26, Hyland Crest held a celebration in her honour. As well as her many friends and relatives here Mary had David and Maureen Thornton and David's

senior league

by Winnifred Barnum

mother and Thornton from Macclesfield, England. Two cousins Jessie Brainbridge and Mrs. Nellie Lachman from Yorkshire, England and a great niece Valarie Crowter from Regina, Sask.

The Hyland Crest auditorium was decorated beautifully. Mary was wheeled in by her son Raymond Oliver, led by Earl Cooper playing the

bagpipes. She was presented with many good wishes from all government departments, by the Reeve of Stanhope, Harry Davis, Deputy Reeve of Anson, Hindon and Minden Bern Berry and acting Administrator of Hyland Crest Gary McKnight.

Doris Robertson read a poem written by Jimmy Cooper on her entire life.

Her grandson Donald Oliver sang a song he had written about grandmother's knee. A delicious lunch and birthday cake with 100 lighted candles was served to her guests and Residents. Mary had many there to wish her Happy Birthday and to congratulate her on being one hundred years old.

Mrs. Isabella Eastman received a picture from Queen Elizabeth last week in honour of Isabella's 100th birthday which made her very happy.

Congratulations to Cora Upton on her birthday

September 22, 1989, and to Maron Rose whose birthday was September 23, 1989. We have had 10 September birthdays this month.

Jean and George Hewitt took Pearl Lyle to her son and daughter-in-law, Bob and Doris Lyle's 45th wedding anniversary, September 23, 1989 at Powassan.

Sunday Irene and Oscar Scott of Eagle Lake visited several Residents including me.

The Sunday evening Chapel service was given

Much is happening at Staunworth Court these days

Oh, it's good to be in the Haliburton Highlands now that Autumn is here!!

Our residents' club meeting for September was well attended. Our president Holly C. reviewed the summer's activities and Melissa H. resigned from her work as convenor of euchre games coffee, etc. We thank her for her several kindnesses shown and wish her a speedy recovery to good health. Holly asked for election of officers and volunteers on October 11.

We are very proud of the postal service rendered to us here at the Court. Thank you to the staff at our local post office for their kindnesses. We look forward to the same service by our mailman. We appreciate all of your efforts on our

behalf.

Welcome to our Apts., Miss Minto. Trust she will find her stay pleasant, and friendly.

Our deep sympathy goes out to Sylvia Howard on the death of her friend, Mrs. Olga Myles. For many years Sylvia and Olga were co-workers with Dr. Jamieson (deceased) in caring for our community, health-wise and culturally.

Birthday greetings are in order to those who had birthdays through the summer; namely, Doris Foster, Jean Cowen and Len Trodd. "May you have fond memories that will last for many years."

A few of our residents have been quite ill this

summer.

- Florence Lindsay is still under Dr.'s care and observation.

- Melissa Hampson is still recuperating after a serious operation.

- Fern and Bill Donnelly are under Dr.'s care.

- Ivy Angliss has had to return to Minden hospital, and

- Holly Cooper is recuperating after a series of serious operations.

(I would like to mention here that we are glad for Holly that she was strong enough to attend the wedding of her grandson, Mark Cooper and Cherie McGuire at Bramalea. A highlight of this wedding was a beautiful four-hour evening cruise on the stately Schooner, "Empire Sandy" around Toronto harbour and beyond. Sails unfurled, accommo-

dation aplenty on deck and below, and the slowly setting sun made Holly's day beautiful and sickness an afterthought. The "Empire Sandy" is the largest sailing vessel in Canada.)

Len and Mabel Trodd attended the first Blue Jay ball game in the new Sky Dome, Toronto. They enjoyed their evening and the beautiful Sports Complex.

Jean and Harry Cowen enjoyed their bus tour to the lovely Amish country, Pennsylvania.

Jean and Art Marsh, Emily Poole, and cousin took a trip to the far North to Moosonee, referred to as the "Gateway to the Arctic." This community is mostly native people and staffs of many Departments

serving its needs. It is reached only by rail or plane. Moosonee, on the Moose River, favours much tourism, water taxi service, native crafts, fishing and

education. "The voice of the district" is Radio CHMO, 1450 on your dial. There is much activity there

(More on page 42)

Hyland Crest is abuzz with activity

(From page 40)

by Rev. John Burgess.

Evelyn Coleman commenced our Bible study again at 1 o'clock Monday. We are happy to have her back. Many thanks to Evelyn.

There were no movies Monday night because of mechanical difficulties with the projector.

On behalf of the Resi-

dents of Hyland Crest, I wish to thank the Lions Club of Minden for their generous gift of \$7,000.00 to our bus fund. We appreciate your efforts on our behalf immensely.

Tuesday the morning service was conducted by Rev. Dawn Gilby of the Anglican Church in Kinmount. It was also a communion service.

Seniors tops at district Games

by Norma Hodgeson

District 11 of the Ontario Senior Games, comprised of Haliburton County and Muskoka District, held play-offs in Haliburton and Huntsville last week.

On Tuesday, September 19, 28 contestants journeyed to Huntsville for competition in bridge and shuffleboard at the Seniors Club 55. Haliburton's bridge players, Cecile and Alex

McLeod, brought home the gold medal. Silver medal winners were Phyllis McCarroll and Ivy Leonard of Muskoka while Donna and Stan Zajezek also of Muskoka won the bronze.

In shuffleboard, Haliburton was again the winner with Mae and Gord Jones of Minden capturing the gold. Silver went to Charles Wilson and Miriam Hannah and the bronze to Reef

Wilcox and Alice McKinnon of the Muskoka area. The awards were presented following a luncheon at the Huntsville Centennial Centre.

On Thursday, September 22, Haliburton County hosted games of euchre and golf. The venue for the golf competition was the PineStone Inn Golf and Country Club where 24 golfers were in action. The

ladies gold medal winners were Vi Aikman, Haliburton, and Barb Godard from Muskoka. Silver went to Roxie Beelby, Muskoka, and the bronze to Marg Kingston, Muskoka, and Marie Thompson, Haliburton. Haliburton's Rolly Scott was the gold medal winner in the men's competition. Jim Burton, Jack

(More on page 43)

Staanworth Court news

(From page 41)

in this fur-trading community, common only to life in the Far North.

One caterpillar said to the other as they watched their friend Monarch But-

terfly fly by for the South. "You'll never get me up in one of those."

We understand that Corinne A., our administrator, has an assistant in her office in the person of Mrs. Barbara Sisson. We hope Bar-

bara will enjoy working with us.

To our young people who have resumed their studies at the various schools, I would like to say —

Plan your life and then work on your plan. Re-

member - success is what you are, not what you have. Good luck to you all.

May we all enjoy the beauty before us and stop just to 'Listen to the Silence'. — MH.

Water levels at 44 per cent navigation season closes

On Monday, September 18, the Haliburton area lakes averaged 44 per cent of their spring full volume. This showed a decline of about 4 per cent from a week before, which left the lakes about 8.5 per cent less than average and 6 per cent more than on the same

date in 1988.

Despite running much less than average flow from the reservoirs, and hence, the tributary rivers, the decline of the stored water has been continuing. Dry weather the past two weeks has brought near-summer conditions along most of

the Canal route, including a return to minimum flow in the Otonabee River, leaving the Kawarthas.

Remnants of Hurricane Hugo may give some noticeable increase over the weekend and result in conditions closer to autumn normals.

Peggy Lee's story is fascinating reading

by Joel Levis

She went from being a shy, abused little girl from Jamestown, North Dakota to one of the world's best-known singers, composers and actresses. Norma Deloris Egstrom was a young child when her mother died; for 11 years, she suffered the beatings of her step-mother and waited for the moment after high school when she could flee to the big world as "Miss Peggy Lee" and make her mark.

This is the whole story: touring with Benny Goodman, married four times, frequent battles with illnesses that threatened to end her life, a lawsuit involving the daughter of Lassie and more.

This is the story of "Fever" and "Is That All There Is?" as well as the deep dark secrets of the world of entertainment and

theatre.

But behind it all, there is the tale of a marvelous, sensitive person who has known them all, seen them all, worked with them and had a marked influence on the musical scene. She continues to tour and con-

tinues to work. Why not go along with her through this biography of Peggy Lee herself?

It is available at or through your local branch of the Haliburton County Public Library. Serving you since 1965.

Did You Know?

by Doreen Hawman

To keep in line with the cost of living as of October 1, 1989, the Old Age Security, Guaranteed Income Supplement, Spouses Allowance, Widowed Spouses Allowance and Canada Pension have been increased.

Guaranteed Income Supplement maximum increases from \$392.68 to \$400.53 for a single person and for

a married recipient from \$255.76 to \$260.88. The maximum Spouses Allowance paid to low-income individuals between 60 - 64 who are married GIS recipients increases from \$586.19 to \$597.92. The maximum Widowed Spouses Allowance paid to low-income widowed persons 60 - 64 rises from \$647.17 to \$660.11. For individuals now receiving the Canada Pension the maximum

amount for 1989 is \$565.33. When applying for Canada Pension during 1989 the maximum amount you can receive is \$556.25.

If you have a question regarding these new rates or need help completing forms, contact your nearest Information Centre. Haliburton, Monday to Friday 10 a.m. - 4 p.m., (457-2733). Minden, open Monday and Tuesday 10 a.m. - 4 p.m., (286-4100).

Dorset Acid Rain Report

The following report on precipitation events was recorded at the Ministry of Environment acid rain testing station in Dorset and compiled by Environment Canada.

This report covers the period of September 22 and September 23.

September 22 - 30 mm rain, 4.3 pH, from Virginia, Pennsylvania, New York and eastern Ontario.

September 23 - 1 mm rain, 4.5 pH, from northern Ontario.

Environmental damage is usually observed in sensitive areas regularly receiving precipitation with pH less than 4.7. Readings of 4.0 pH or less are considered dangerous. The lower the reading, the more acidic the precipitation.

Haliburton seniors return with a wealth of gold, silver

(From page 42)

Burtch and Jack Dicker, all of Haliburton County won silver medals. Jim Aikman, Haliburton, and Owen Ball, Muskoka, won bronze.

Deer Lodge was the venue for the euchre games. Haliburton captured the gold and silver. Ed and Fred Vanderland had the

that Muskoka had participated in the District 11 games. Only four games were played on a trial basis. In June 1990 the serious competition will begin when participants will be competing for the opportunity to participate in Actifest 90, the Ontario Senior Games to be held in London, Ontario.

top score followed by Margaret and Milton Fletcher. The bronze went to Emma Fisher and Marie Fitchett of Muskoka.

The participants all gathered at Deer Lodge following the games for a buffet lunch at which time the medals were presented by the convenors.

This was the first year

HELP WANTED

HELP WANTED: We are going to have literacy tutors available to individuals who would like to further develop their reading and writing skills. We all have difficulty from time to time completing various forms and questionnaires, or reading a variety of information that we come across each day. This can be very frustrating. We would like to help individuals improve on these skills and make every day living a little easier. Students and tutors are matched according to the area they both live in. The tutor will spend approximately 2 hours a week with his or her student, and will provide appropriate reading material. Our tutors are properly trained, enthusiastic, friendly people volunteering their time, at no charge to you! If you are interested in this terrific opportunity or know of someone who might be, please call Jane Selbie at the Haliburton County Employment Centre, 457-1316. 10A

IN MEMORIAM

MISCIO, Mike. In loving memory of my dear husband who passed away September 25, 1972.

A page in the book of memory Silently turns today, I remember you in silence And make no outward show For what it meant to lose you No one will ever know.

Sadly missed by wife Annie.

MISCIO - In loving memory of my father who passed away suddenly September 25, 1972.

If I could have one lifetime wish
One dream that could come true,
I'd ask with all my heart
For yesterday and you.

Sadly missed by daughter Ruby.

IN MEMORIAM

MISCIO - Mike. In loving memory of a dear father who passed away September 25, 1972.

There is a daughter who misses you,
And finds time long since you went.
I think of you daily and hourly,
But try to be brave and content.
Tears that I shed are in silence,
And I breathe a sigh of regret,
For you were ours and I love and miss you dear Poppa,
Until we meet again.

Sadly missed and lovingly remember by daughter Nell.
